

## KIT 2 RETRACTORS RAIL FIXING

### KIT WITH 2 RETRACTORS RAIL FIXING:

NR. 2 FRONT BELTS WITH J-HOOK  
NR. 2 BELTS WITH RETRACTORS  
NR. 1 VENTRAL BELT  
FLOOR FIXING FOR RAIL

PRODUCT NO. X-100288

ISO 10542 CERTIFICATION

## KIT 2 RETRACTORS DISC FIXING

### BELT KIT WITH 2 RETRACTORS:

NR. 2 FRONT BELTS WITH J-HOOK  
NR. 2 BELTS WITH RETRACTORS  
NR. 1 VENTRAL BELT  
FLOOR FIXING ON DISCS

PRODUCT CODE X-100302

ISO 10542 CERTIFICATION

## KIT 4 RETRACTOR RAIL FIXING

### KIT WITH 4 RETRACTORS:

NR. 4 BELTS WITH RETRACTORS  
NR. 1 VENTRAL BELT  
FLOOR MOUNTING FOR RAIL

PRODUCT CODE X-100307

ISO 10542 CERTIFICATION

## KIT 4 RETRACTORS DISC FIXING

### KIT WITH 4 RETRACTORS:

NR. 4 BELTS WITH RETRACTORS  
NR. 1 VENTRAL BELT  
FLOOR FIXING ON DISCS

PRODUCT CODE X-100308

ISO 10542 CERTIFICATION

## WHEELCHAIR ANCHORING

The anchoring systems for wheelchairs can be installed with a coupling mechanism on the floor rail or with a disk system. The retractors are completely automatic and equipped with a knob for manual tensioning after positioning the wheelchair.

The coupling to the wheelchair is done with hooks with rubber protection to prevent damage to the wheelchair during transport. It is a system compatible with all types of wheelchairs, electric, push and self-propulsion, it guarantees maximum stability and retention allowing a quick dismantling thanks to the practical and fast release system.

In the kit is also included the ventral safety belt for the transported passenger. On request we can supply seat belts for passengers carried at 3 and 4 points.
